FACIAL

DERMAPLANING \$100

Surgical blade exfoliation is an excellent technique for gently removing dead skin cells and unwanted facial hair. This procedure involves using a surgical blade to gently scrape the surface of the skin, effectively eliminating impurities and hair that can make the face appear dull. By removing these layers of dead skin, cellular renewal is promoted, resulting in a more radiant and healthy-looking complexion.

FACIAL \$110

Helps to clean the pores of the skin, remove dead cells through exfoliation, hydrate and moisturize the skin, and address the most common skin issues with a personalized regimen.

DEEP FACIAL \$125

Deep cleansing facials are multi-step skin procedures that involve exfoliation, facial masks, cleansing, facial massages, steaming, cream application, and sunscreen.

FACIAL ACNE TREATMENT \$150

This is a professional purifying treatment with antimicrobial and regenerative properties, designed to delicately address facial skin prone to acne, adapting to the specific conditions and individual needs of each person.

MASSAGES

HOT STONE RELAXING MASSAGE

\$60

Hot stone massage is a therapeutic technique that involves the use of smooth, heated stones to enhance the massage experience. The warmth of the stones, combined with the therapist's deft touch, helps to dissipate stress and tension, leaving the person feeling rejuvenated and balanced.

WOOD THERAPY MASSAGE

\$60

Wood therapy is a massage technique that uses wooden instruments specifically designed to stimulate and balance the body's energy, reduce stress, and tone and shape the body's contour. This natural therapy helps improve circulation, fight cellulite, and promote deep relaxation.

LYMPHATIC DRAINAGE

\$70

Lymphatic drainage is a gentle, rhythmic massage technique that stimulates the lymphatic system to eliminate toxins and accumulated fluids. It reduces inflammation, improves circulation, and strengthens the immune system, making it ideal for reducing edema and enhancing overall health.

SLIMMING MASSAGE

\$70

Slimming massage is a technique focused on areas with fat accumulation to sculpt and tone the body. It uses intense, rapid movements to mobilize localized fat, improve circulation, and stimulate metabolism, helping to reduce measurements and enhance skin appearance.
